RESOLUTION NO. 02, 2020

**A RESOLUTION ESTABLISHING WATER, SEWER AND
REFUSE RATES FOR 2020 THROUGH 2024.**

WHEREAS, the McCloud Community Services District (District) is authorized by California Government Code sections 61100(a), 61100(c) and 61115(a) to establish, revise and collect rates and charges for water supply, sewer and solid waste collection services; and

WHEREAS, the District approved a budget for the 2019/2020 fiscal year and explained the proposed budget at its regular meeting held on September 9, 2019. The Rural Community Assistance Corporation (RCAC) rate study was approved at the Regular Meeting of the Board of Directors on February 10, 2020. The Rural Community Assistance Corporation (RCAC) rate study was presented by John Van Den Bergh, Rural Development Specialist III for the Rural Community Assistance Corporation (RCAC) and Sarah Bixler at Board of Director meetings on October 1, 2019, October 14, 2019, October 29, 2019 and December 9, 2019. The rate study was also discussed at board meetings on October 28, 2019, November 12, 2019, January 24, 2020 and January 27, 2020. Public input was encouraged, taken and considered at all of these presentations and meetings; and

WHEREAS, on December 23, 2019 written notice was mailed by the district to the record owner of each parcel of real property within the District upon which increased rates for water and solid waste collection services were proposed to be imposed pursuant to the requirements of California Constitution Article XIID section 6 and Government Code section 53755. The notice specified the amount of the fees to be imposed on each such parcel for each such service, the basis upon which the amount of the proposed fees were calculated, the reason for the fees, the date, time and location of a public hearing on the proposed fees scheduled for February 10, 2020, and a statement advising that each property owner may file a written protest with the district against the proposed increase in fees, and that if written protests were received by the district from a majority of owners of parcels subject to each such proposed fee, that the district could not impose the proposed fees.

WHEREAS, a public meeting was held on February 10, 2020. At the meeting it was determined that written protests against the proposed fee increase for water service had been received from owners of 76 parcels out of the 849 parcels subject to such proposed fee increase, and that therefore a majority protest against the proposed water service fee increase did not exist. It was also determined that written protest against the proposed fee increase for sewer services had been received from owners of 73 parcels out of the 849 parcels subject to such proposed fee increase, and that therefore a majority protest against the proposed sewer service fee increase did not exist. It was also determined that written protests against the proposed fee increase for solid waste collection services had been received from owners of 75 parcels out of the 849 parcels subject so such proposed fee increase, and that therefore a majority protest against the proposed solid waste collection fee increase did not exist;

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of the McCloud Community Services District that the following per household equivalent (HE) rates be adopted for 2020 through 2024 effective as of the date the resolution is adopted, February 24, 2020:
